Step-by-Step Guide: How to Book a Couple's Retreat Hotel on Expedia

1. Go to Expedia's Homepage

Start by visiting Expedia's website or mobile app. The interface is intuitive, even for new users. Select the "Hotels" tab to begin your search.

2. Enter Destination and Dates

Input your destination city or region. For couple's retreats, people often choose serene, romantic locations such as:

- Napa Valley wine country
- Maui or Kauai beachfront
- Smoky Mountains cabins
- Paris city escapes
- Caribbean all-inclusive resorts
-

Add your check-in and check-out dates. If you're flexible, Expedia shows price variations on alternate dates to help you save.

3. Select the Number of Travelers

Choose "2 adults" since this is a couple's getaway. If you're celebrating something special, like a honeymoon or anniversary, some hotels offer exclusive romantic packages.

4. Use Filters to Customize Your Romantic Experience

Expedia's filter system helps you narrow down hotels based on:

- Guest rating
- Price range
- Amenities (hot tub, spa, adults-only, ocean view, private pools)
- Property type (resort, cabin, boutique hotel, villa)
- Neighborhood or proximity to attractions
-

For romantic trips, apply filters such as:

- **"Adults Only"**
- **"Romantic"**
- **"Spa & Wellness"**
-

5. Compare Hotels and Read Reviews

Click on several hotel listings to compare:

- Room options

Expedia clearly shows what's included in each room category.

Before completing the booking, check:

Expedia displays the full price breakdown so there are no surprises at checkout.

8. Add Special Requests

If you want something romantic like rose petals, champagne, or early check-in, leave a special request in the booking form. While hotels can't guarantee all requests, many do their best to accommodate special occasions.

9. Complete the Payment

You can either:

- Pay now (often gets the best rate)
- Pay at hotel (more flexible)
-

Expedia accepts major cards, PayPal, and in some regions, additional payment methods.
