# Legitimate & Safe Methods

Thankfully, there are several legitimate and safe ways to get a significant financial boost in the Sims 4 without resorting to risky downloads or scams:

- **Using Cheat Codes:** The most straightforward method is to use in-game cheat codes. To access the cheat console, press `Ctrl + Shift + C` (or `Cmd + Shift + C` on Mac). Then, type the following codes:
  - `testingcheats true` (enables cheats)
  - `money [amount]` (sets your household funds to the specified amount)
  - `kaching` (adds 1,000 Simoleons)
  - `rosebud` (adds 1,000 Simoleons)
  - `motherlode` (adds 50,000 Simoleons)

These are completely safe to use and won't harm your game or computer.

- **The Motherlode Trait:** In the Sims 4 Legacy Edition (a free version of the base game available for older systems), there's a trait called "Motherlode" that automatically grants your Sim a large sum of money. This is a built-in feature of that specific version.
- **Selling Paintings/Crafts:** Skill up your Sim's Painting or Woodworking skill and create high-quality items to sell. With a high enough skill level, you can earn a substantial income from your creations.
- **Writing Books:** If your Sim has the Writing skill, they can write and publish books. Bestselling authors can rake in a significant amount of royalties over time.
- **Gardening and Farming:** Plant a garden and cultivate high-value crops. With the Seasons expansion pack, you can even sell seasonal produce for a premium price.
- **Career Advancement:** Pursue a high-paying career and work your way up the corporate ladder. Certain careers, like the Scientist or Doctor career, offer lucrative salaries at higher levels.
- **Collecting Rare Items:** Explore the world and collect rare collectibles, such as fossils, crystals, and metals. These items can be sold for a considerable amount of Simoleons.
