Project Overview

- General Goal
 - Increase sewer system capacity
- Project Scope
 - Approximately 5,583 feet of sewer
- Benefits
 - Alleviate overcharged wastewater sewers
 - Reduce basement backups

Brookshire Sanitary Relief (Brookshire Dr to Cougar Dr) (12104)

- Start Date:
Nov. 2020
- End Date:
Oct. 2021

Previous Public Engagement

- 3 notification and information letters
 - April 2018
 - May 2018
 - July 2020
- May 21, 2018 Design Public Meeting

What can residents expect?

- Yard Work throughout
 - Alongside improved channel
- Open-cut construction
 - 10-25 feet deep
- Traffic Control Plan & Access Issues

Restoration

- Concrete streets that are disturbed will be replaced for full slabs
- Asphalt streets will have edges sawcut and will be replaced
- Sod will be replaced and maintained by MSD typically for 30 days until roots start to grow
- Other yard restoration has been determined through easement negotiations
- Any flowers, plants or other items located within easements should be moved before construction

FAQs

- Will residents have any access issues to their properties?
- How long will restoration take?
- Will utility service be disrupted?
