

August, 2020

Dear Resident:

The Metropolitan St. Louis Sewer District (MSD) works to protect the public health and environment through effective wastewater and stormwater management. As part of MSD Project Clear, a long-term effort to reduce basement backups and sewer overflows, MSD is planning a construction project in your neighborhood: Capilia Sanitary Relief (Grant Rd. to Capilia Dr.) (12111)

You're Invited to a Virtual Public Meeting

MSD Project Clear invites you to attend a virtual public meeting on September 22 at 6:00 p.m. to learn more about the Capilia Sanitary Relief project, meet the construction team, and let us answer any questions you may have. We look forward to a good discussion, and we wanted to provide some tips for navigating this virtual meeting.

VIRTUAL PUBLIC MEETING

September 22, 2020

6pm - 7pm

Register at
MSDProjectClear.org/CapiliaMeeting

Project Number 12111

First, you don't need to download anything or install an app or even have an internet connection to participate. You can log in from a desktop, handheld device, or even your landline phone. The best way to participate in the meeting is through a desktop computer or tablet, as you'll be able to see our slides and presenters, type in questions during the meeting, and respond to poll questions in real time.

Registration is required to participate through a computer or tablet. To register, visit msdprojectclear.org/capiliameeting.

If dialing in by phone, call this number: 888 475 4499 and when prompted, enter the webinar ID: 965 8793 1846 and password: 972864. Unfortunately, the Zoom platform does not have local St. Louis dial in numbers. Participants using the dial in option will not be able to submit questions during the meeting, however, we invite you to send questions to us via the contact us page on our website at www.msdprojectclear.org/capilia.

We look forward to "seeing" you all on September 22 at 6:00 p.m.

A Clear Solution

MSD Project Clear planners and engineers have designed a new project called Capilia Sanitary Relief (12111). This project will help reduce basement backups and promote cleaner local waterways.

Additional information on the project can be found in the attached project fact sheet or by visiting www.msdprojectclear.org/capilia. We appreciate your cooperation as we work together to reduce basement backups and improve water quality in your neighborhood.

Sincerely,

Tracy Rodgers
