

April 2021

Dear Resident:

The Metropolitan St. Louis Sewer District (MSD) works to protect the public health and environment through effective wastewater and stormwater management. As part of MSD Project Clear, a long-term effort to reduce basement backups and sewer overflows, MSD is planning a construction project in your neighborhood: **South County Sanitary Force Main (Project #13472)**

You're Invited to a Virtual Public Meeting

MSD Project Clear invites you to attend a virtual public meeting on May 6 at 6:00 p.m. to learn more about the South County Force Main project, meet the construction team, and let us answer any questions you may have. We look forward to a good discussion, and we wanted to provide some tips for navigating this virtual meeting.

VIRTUAL PUBLIC MEETING

May 6, 2021

6pm - 7pm

Register at

MSDProjectClear.org/13472meeting

Project Number 13472

First, you don't need to download anything, install an app, or even have an internet connection to participate. You can log in from a desktop, handheld device, or even your landline phone. The best way to participate in the meeting is through a desktop computer or tablet, as you'll be able to see our slides and presenters, type in questions during the meeting, and respond to poll questions in real time.

Registration is required to participate through a computer or tablet. To register, visit msdprojectclear.org/13472meeting.

If dialing in by phone, call this number: 888-475-4499 and when prompted, enter the **webinar ID: 981 8680 1891** and **password: 520097**. Unfortunately, the Zoom platform does not have local St. Louis dial in numbers. Participants using the dial in option will not be able to submit questions during the meeting, however, we invite you to send questions to us via the contact us page on our website at www.msdprojectclear.org/SouthCounty.

We look forward to "seeing" you all on May 6 at 6:00 p.m.

A Clear Solution

MSD Project Clear planners and engineers have designed a new project called South County Sanitary Force Main (13472). This project will help reduce basement backups and promote cleaner local waterways.

Additional information on the project can be found in the attached project fact sheet or by visiting www.msdprojectclear.org/SouthCounty. We appreciate your cooperation as we work together to reduce basement backups and improve water quality in your neighborhood.

Sincerely,

Tracy Rodgers
