RE: Property at [Property Address]

Dear [Property Owner Name]:

The Metropolitan St. Louis Sewer District has engaged the services of Burns & McDonnell to design improvements for the project titled *Tulane-Wilbur Outfall Sanitary Relief Sewer* (MSD Project Number 12239). This project is located within the Mackenzie Creek and Gravois Creek Watersheds in the Lemay Service Area in unincorporated St. Louis County and The Village of Wilbur Park. The project area is generally bordered by Mohegan Road to the south, Kickapoo Drive to the east, Rosemary Avenue to the west, and Weber Road to the north. The project scope of work includes the construction of approximately 4,150 linear feet of 15-inch to 18-inch diameter sanitary sewers to eliminate one (1) constructed Sanitary Sewer Overflow (SSO) outfall.

A neighborhood meeting will be held Wednesday, October 2nd, 2019 at 5:00 pm at the Affton White-Rodgers Community Center located at 9801 Mackenzie Rd, St. Louis, MO 63123. An overview of the project will be provided to meeting attendees, and you will have an opportunity to review the project plans. Representatives from the Metropolitan St. Louis Sewer District and Burns & McDonnell will be on hand to take your comments and answer questions that you may have regarding the proposed project improvements. Please note that information for another MSD Project (Tiemann Ave - 4600 Block Storm Sewer 11042) will also be presented concurrently during this meeting.

If there are any questions about this meeting, please feel free to contact Curt Kimmel with Burns & McDonnell at (314) 682-1576 or ckimmel@burnsmcd.com.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Steven M. Roberts'.

Steven M. Roberts, P.E.
MSD Project Manager, Engineering Department/Program Management Division
