

November 2023

Dear Resident:

The Metropolitan St. Louis Sewer District (MSD) works to protect the public health and environment through effective wastewater and stormwater management. As part of MSD Project Clear, a long-term effort to reduce basement backups and sewer overflows, MSD is planning a construction project in your neighborhood: **Valley Drive Sanitary Relief Phase III (Project #13444)**.

### You're Invited to a Virtual Public Meeting

MSD Project Clear invites you to attend a Zoom virtual public meeting on Wednesday, December 13, 2023, at 6:00 p.m. to learn more about the project, meet the Construction team, and let us answer any questions you may have. We look forward to a good discussion, and we wanted to provide some tips for navigating this virtual meeting.

### VIRTUAL PUBLIC MEETING

**December 13, 2023**

**6:00 p.m.**

Register at  
[msdprojectclear.org/valleysanmtg](https://msdprojectclear.org/valleysanmtg)

**Project Number 13444**

First, you don't need to download anything or install an app or even have an internet connection to participate. You can log in from a desktop, handheld device, or even your landline phone.

The best way to participate in the meeting is through a desktop computer or tablet, as you'll be able to see our slides and presenters and type in questions during the meeting.

**Registration is required** to participate through a computer or tablet. To register, visit [msdprojectclear.org/valleysanmtg](https://msdprojectclear.org/valleysanmtg). Once you register, you will be sent the meeting link and further instructions on how to attend. If you register with your email, you will also get a reminder sent to you the day before the meeting.

If dialing in by phone, call this number: **309-205-3325** and when prompted, enter the **webinar ID: 862 8175 4842** and **password: 138096**. Participants using the dial-in option will not be able to submit questions during the meeting, however, we invite you to send questions to us via our website at [msdprojectclear.org/valleysan](https://msdprojectclear.org/valleysan). We look forward to "seeing" you all on December 13! Following the meeting, you will receive a brief survey. If you could take a few minutes to complete the survey, your feedback will assist us in planning future public meetings.

### A Clear Solution

MSD Project Clear planners and engineers have designed a new project called Valley Drive Sanitary Relief Phase III (Project #13444). This project will help reduce basement backups and prevent sewer overflows by increasing the size of the sewer.

Additional information on the project can be found by visiting [msdprojectclear.org/valleysan](https://msdprojectclear.org/valleysan). We appreciate your cooperation as we work together to improve water quality and reduce basement backups in your neighborhood.

Sincerely,

Gerald Allen  
MSD Construction Supervisor
