

May 2024

Dear Resident:

The Metropolitan St. Louis Sewer District (MSD) works to protect the public health and environment through effective wastewater and stormwater management. As part of MSD Project Clear, a long-term effort to reduce basement backups and sewer overflows, MSD is planning a construction project in your neighborhood: **Clark Avenue Sanitary Relief (Project #12122)**.

### You're Invited to a Virtual Public Meeting

MSD Project Clear invites you to attend a Zoom virtual public meeting on Tuesday, June 4, 2024, at 6:00 p.m. to learn more about the project, meet the Construction team, and let us answer any questions you may have. We look forward to a good discussion, and we wanted to provide some tips for navigating this virtual meeting.

### VIRTUAL PUBLIC MEETING

June 4, 2024

6:00 p.m.

Register at

[msdprojectclear.org/12122mtg](https://msdprojectclear.org/12122mtg)

Project Number 12122

First, you don't need to download anything or install an app or even have an internet connection to participate. You can log in from a desktop, handheld device, or even your landline phone.

The best way to participate in the meeting is through a desktop computer or tablet, as you'll be able to see our slides and presenters and type in questions during the meeting.

**Registration is required** to participate through a computer or tablet. To register, visit [msdprojectclear.org/12122mtg](https://msdprojectclear.org/12122mtg). Once you register, you will be sent the meeting link and further instructions on how to attend. If you register with your email, you will also get a reminder sent to you the day before the meeting.

If dialing in by phone, call this number: **646-876-9923** and when prompted, enter the **webinar ID: 865 0636 3760** and **password: 716560**. Participants using the dial-in option will not be able to submit questions during the meeting, however, we invite you to send questions to us via our website at [msdprojectclear.org/12122](https://msdprojectclear.org/12122). We look forward to "seeing" you all on June 4! Following the meeting, you will receive a brief survey. If you could take a few minutes to complete the survey, your feedback will assist us in planning future public meetings.

### A Clear Solution

MSD Project Clear planners and engineers have designed a new project called Clark Avenue Sanitary Relief (Project #12122). This project will help reduce basement backups and prevent sewer overflows by increasing the size of the sewer.

Additional information on the project can be found by visiting [msdprojectclear.org/12122](https://msdprojectclear.org/12122). We appreciate your cooperation as we work together to improve water quality and reduce basement backups in your neighborhood.

Sincerely,

Mark Dietiker  
MSD Project Manager
